I think az is right maybe you are useing me as a scapegoat and the real ddossers are either you or wilo doing this and nameing me for the crime
We have no intention at all to try to make you look like a bad guy in front of the entire Renegade community. You're doing that on your own perfectly fine, you don't need our help for that.

And no, we're not attacking our own servers. And nor is Wilo. We aren't that kind of morons to bring down 3, maybe 4 of the largest Renegade communities just to make you look like an asshat. Like I said, you're more than capable of doing that yourself.
