yes in some ways you are right but you guys mostly see my replys to things said and my actions that follow actions done to me you do not see the whole story .

I have done so things but only as bad as the things done to me .

and I know I am a dick and anoying but so are others in games are they not but they get away with it.

and the only part of may name I want to unsoil is the cheating statements .

as I know that shai video is not me

I know I never used *cheat name removed*or anyother hax as shows with most of my game k-d most of my kills are with timed c4 on snipers ect or mines

my main aim here was to bring in to open all sides of the story between me and wilo and our little online fight .

and to prove that I am no cheat
