MDK@ENGLAND@ wrote on Thu, 22 September 2011 01:18wow dj-cry-k is more angry than me ...fck these new pils must be working ..

eike have you seen a doc about your anger problems.

and if I was always so bad how come you made me atm temp mod always in rcs along with shadow and jakers and if we got banned or kicked you would let us back regardless . and you also got me in to DT clan for a short time ? but they kick me after they kcik you also .

most are start to notice the things you do eike mod a server get kicked out so you kill the server or clan then move on to next server donate and slow become mod then abuse your position and get kicked out again . ?

realy fell sorry for you as you seem to have more mental health issues than I do . you realy need to see a doc asap

also we know it has nothing to do with your skins ect it is cus you sux at ren with out inv hug or adv skins

Ok,just for the Luls,im going to remind u of how things happened, obvs. ur brain is messed up so u cant get the Facts rite:

1. I made u Tempmod back the days when u seemed to have control over ur brain, this stopped the Night when u joined on under and randomly kicked players cuz u were drunken or full of medics, either way u abused ur givin Powers, and therefore they got revoked.
2. I invited u to join DT Clan back the days when i first started playing renegade, u never came to TS even tho i told ya to be there and be active in forums, both of it u never did, therefore u got removed from Memberlist. And to clear this also,i wasnt kicked, i elft and joined RC Community, so get ur facts rite Punk.
- 3.I never got kicked out of a Server due to Mod Abuse, i dont have ur Papers in my bag Simon. I modded more Servers then u ever played on, and lets see, all of these Servers are still up except RC who switched over to CSS instead of Ren.
4. I doubt i have any mental issues, im not making fake FB Profiles, im not cheating on Servers, im not banned from any Forums for my Lack of intelgence and def. not for cont. changing my IP And Serials to evade legit Bans on nearly every RenServer out there. So whos got the Issues here, wake up its Reality not ur stupid small MDH@World>@.
5. Ye,i def. suck @ ren that the Reason MDK... ROFL... Im not even going to discuss this with u Nap

And now do us all a Favour.
