The biggest problem with that is I have no idea if I still have any of those skins. I've moved computers 3 times, but I'll have a rummage around.

Failing that, I could always create new ones in any fleeting spare time I have. My photoshop skills have improved drastically since I was last here.

Examples:  
Toggle Spoiler

My own model, textures, etc. Background photoshopped and blended in post-render.

A 'business card' of sorts for my gaming community.

And a big one, which I'll just link, my current Desktop:
