i'll summarize the entire topic using 3 quotes

nikki6ixx wrote on Wed, 21 September 2011 18:59 And there are tons of threads about certain individuals, and communities, that did involve a lot of lies and false accusations, yet they were not locked.

danpaul88 wrote on Thu, 22 September 2011 03:35 Based on the forum rules I would speculate that the thread in question broke the following rule;

Quote: Harassment/Racism/Flaming: Harassment of other members, racism, or any hate speech in general will not be tolerated. Moderators will be the judge of what is intolerable, and what is not. Also, please refrain from flaming other members. If you really must, keep it inside of the Hot Issues forum.

MUDKIPS wrote on Wed, 21 September 2011 15:48 those threads dont involve friends of crimson

which brings us to

grant89uk wrote on Thu, 22 September 2011 12:18 But mudkips point remains the same. You cant lock a post for breaking the rules because it goes against your personal agenda then allow other rule breakers to continue breaking the rules purely because it doesnt concern you.

uh, yes you can? she owns the place

you act as if she has to follow rules or some shit, she can literally do whatever the fuck she wants if it were Jelly or Wilo being bashed and not one of her n00bstories staff members she values the topic may not have come to her attention at all

They sacrifice a bit of their own game time and fun to help keep things running smoothly and I will NOT tolerate them being treated like crap by the likes of you. Period.

That's a rule that should only pertain to the NS forums. Not here. Defamation is one thing, but actually bringing up a viewpoint, backed with evidence, and supported by a large group of people, is another.

she can run this place however she wants, choosing to follow rules at her own discretion
it doesn't have to be fair; she owns the place
don't try to hold her to the forum rules when she's king of the forums
