Yeah, everyone is telling me that it's in the Renegade folder, but I haven't seen it in there.

Usually, whenever this happens, I'd try exit out of Ren, go back in through XWIS and everything would be fine. But, the server had to be restarted and couldn't be connected through XWIS, so I had to connect through Renlist and couldn't find the TTFS folder.

I'll see about that other location.

EDIT: The folder was there. Thanks Stealtheye
