At last I am just about done the map 'Temple' which was not able to make to Demo release of TCW online demo.

Nearing the completion of this level and there are just a few things left to do, such as setting up the lightmap, some more placement of props in Level-edit then on to performance enhancements.. after this is wrapped, I'm off to complete 'Utopia Base' a Mars themed battleground for TCW!

Enjoy some in-game testing screens of 'Temple'
