Naw, I haven't. I don't think there's any relation (too much) storywise between the games. Dark Souls doesn't really have much of a story to follow. There is a story, and you do complete it, but it's rather random. The game doesn't tell you where to go; you find it on you're own. With that, you could go into places that you shouldn't be at, and get destroyed. Even in the places you should be going, it's still incredibly hard -.-
