Aircraftkiller wrote on Thu, 13 October 2011 20:15 Already fixed it. Removed homing missiles and alt-fire from Gunner and RSOs. Left in burst fire for Grenadiers and 3x damage alt-fire for Flamethrowers. You can still pick up the old Gunner homing/burst missiles but you'll have to find them. Spawners were fixed as well. They have a minimum spawn time of 10 seconds and a maximum spawn of 20.

I sent the file to Wilo to update the server.

Will any rl that drops be a 3-burst one?
