LOL so true...been a week. Hardheads. I do formally and hereby swear I never touched him.

Also I am sorry to him for every thing I did. I'm sorry for wanting to kick his ass, I'm sorry for being downright nasty. I spoke out of my ass that night, and tbh when everyone mobbed me here, it only fueled me.

I've been many things over the years in renegade land. I've been the "cool guy", the "asshole", the "dick", the "crazy one", the "helper"(going well out of my way to fix people's issues).

One thing some of you know, is I can not stand to be betrayed any longer. It's a trust issue stemming from a RL thing before. This has nothing to do with Wilo here, just leading up to this next.

I'm done. My "home" I've loved for 7 years did to me what none of you could have ever accomplished. Ciao.
