Tunaman wrote on Sat, 15 October 2011 00:01: actually work at subway, we normally don't have meatballs or nachos as a side(although some subways do nachos and/or pizza). also, why are you saying they don't give you enough toppings? just ask for more...

but to be fair, my subway is regarded pretty highly, some people have said that they've been to several subways in different states even, and that ours has the best service and quality. so I guess I don't speak for most of them

Do they also serve Tuna at your Subway?
