I would second that nomination for Xv. Different years there were different star snipers but the sniping scene of those days is long dead.

His names reminds me of a few sniper servers that helped build the vibrant sniping community within Renegade of that era. Some that come to mind are: crimson79, fnfall sniping servers, madcow. Snipers servers of today are modded ridiculously but that is another topic.

And to continue the name dropping lol:

C4Kitty  
C4miner  
whlegamer  
v12driver  
slicer238  
snipesimo  
drmalenko  
tdraptor  
foenixz  
K9Trooper  
A0Sweeper  
NuRelic  
htmlgod15  
wtdragoon  
warranto  
codys26  
Need1Shot  
LTPatch  
trylee  
Beanyhead  
visorneon

PS: I found all of those names from screenshots that were taken in 2003

Agreed, no reload killed them, tbh. Granted it is fun, it's not the oldschool sniping.

Everytime someone tries to go back to those days of reload sniping, people never play in the server because they've become so accustomed to that no reload bs.
