5. Name three actors who have each portrayed more than one different character in C&C game cutscenes. (Kane only counts as one character)

Daniel Kucan, Nicholas Worth, Athena Massey

Joe Kucan actually counts as well.

Quote:19. Which character that you have played in the C&C FMVs is your favorite?

I play the black-suited commando character that takes out a guard (played by Frank Klepacki!) in "Red Alert" - I think that guy's my favorite. Even though he's only on screen for about a second and a half, I created a rich and detailed backstory that motivated his every move - he was married to a chemistry professor and lived in a small Colonial-style house with their 2 children, twin girls named Nancy and Darla. If you watch carefully, you can see that he moves with a slight limp - the result of an old college Lacrosse injury. His favorite color was yellow, favorite food was pork chops, and he collected baseball cards from the 1970's. I was really hoping that the fans would notice such attention to detail and demand that character get his own spin-off game. No such luck.
