DragonFgWhat really makes you made?

I am sure you mean "What really makes you mad?" no?

Things that make me mad are:

- 1) Cheaters,
- 2) People with no respect for others,
- 3) Power hungry mods.

Oh and posts that are hard to understand due to poor detail or mis-spelling, like mine .

BTW thats just waht makes me mad in Renegade related terms... now if you mean everyday life I could go on for ages.....
