Dave2916 wrote on Sat, 12 November 2011 17:22 Thank you so much dave for letting me loan your account

Dave is now banned from the forums for posting on behalf of a banned user in direct violation of forum rules.

Dave2916 wrote on Sat, 12 November 2011 17:221. I have neither the knowledge or the intent to crash the n00bstories server, the only person I have a problem with is Jarhead. I have never ever done anything remotely like a (d)dos, and if you think spamming an insult is a denial of service attack you clearly dont have the knowhow to properly manage a server.

Spamming the server has the effect of making the chat lag, and making the players unable to see normal server messages and chat in-game and distracts the players from the game. That is the very definition of a Denial of Service attack, even if it IS on the low end of the spectrum. If you disagree, I would be more than happy to send off the logs to your ISP's abuse department and let them make the determination.

Dave2916 wrote on Sat, 12 November 2011 17:222. Whatever I do to n00bstories has no relation to renforums whatsoever, banning me here just shows what a power-abusing little (actually, quite big and fat LOL) mean lady you are.

Bullshit. You continually bring your n00bstories problems to these and other forums. You are making yourself look very bad here.

Dave2916 wrote on Sat, 12 November 2011 17:223. I never spent hours joining the server. I was enormously bored, and joined with the nick "jarhead loves cock" (Which he probably does) several times until you prevented my from joining the server altogether.

I have logs that show otherwise. You have attempted to evade your ban on dozens of occassions. I had to firewall your IP to make your attack stop.

Dave2916 wrote on Sat, 12 November 2011 17:224. If jarhead doesnt want to get insulted he should be such a piece of shit. Threatening players who kill him too often, threatening fellow mods, banning people simply because he doesnt like them, muting them, kicking them. And when people complain about any of that he bans them too. If he expects to not get insulted when hes being a nazi like that he's even got less braincells than I thought.

I'm sorry you don't like Jarhead. I also don't care. You have acted with absolutely NO maturity or intelligence and therefore your opinions and you as a person get NO respect from me or the rest of the n00bstories staff who shares the same opinion on your childlike behavior.

Dave2916 wrote on Sat, 12 November 2011 17:225. Jarhead could have won the nobel prize for peace for all i care and i still would have insulted him with what i thought would insult him the most simply because he is ruining my and other people's gameplay experience because he doesnt

want to get killed, or doesnt want people to point out what a retard he is. (on the instance he banned me, i wasnt even remotely saying anything. I was just playing, he told me not to start trouble with him, i told him i was playing and didnt care about him. Bam, gone. Same for my mate who protested).

So you feel that since Jarhead "ruined" your gaming experience that you can, in turn, destroy the experience for all the players on our server with your immature spam attack? How do you NOT see how childish and immature this behavior is?

Dave2916 wrote on Sat, 12 November 2011 17:226. Crimson loaned money from the poker union, started a poker business, stopped paying it back and used the money to hire lawyers to get out from paying it back altogether. And thats the kind of greedy fat mean lady you have in charge of these forums.

It's all in the comments:

Quote:Come on Christine, rather than do what you agreed to do; you blew the union?s money on a lawyer to help you weasel out of your agreement. You clearly do not care about defending the sport or the players.

Those of us that have been fighting for poker for years know that you have stolen the union?s money and that you word is worthless.

Seriously, you flat blubbering retarded whale, I wasnt even remotely interested in getting into a fight with you, or even getting involved with you whatsoever. But by being such a brainless hunk of worthless meat you have proven yet again that nobody can get away from your big fat fascist stupidity.

Honest to god woman.

You are making a huge mistake taking some random guy's comments as an argument. If you dig further, you will see that the man tried to scam me out of thousands of dollars and after my lawyer took a look at what he was trying to do to me, he sent a couple of letters to get him to drop his bullshit lawsuit against me. I stole NO money from the fake union that didn't even exist, and he was trying to extort thousands of dollars from me. He had to drop his case against me to avoid being counter-sued. If you look at Arizona state court records, you will see that he is currently in a trial with the Arizona State grand jury for his scam and he will most likely spend a lot of time in jail.

Also, I did not borrow anyone's money but Bank of America's to start my business. And I did pay it back to them. His comments are slanderous but since he doesn't have any money, it's not worth my time to sue him for it. I also didn't feel the need to drag the argument into a courtroom because no one in this city takes that crackpot old geezer seriously.
