1. You are a known liar. (I really don't need to give any examples here, everybody here can recall at least one major situations where you flat out lied about everything)

Too stupid to even respond to.

YesNoMaybe wrote on Sun, 13 November 2011 04:462. You are a known power abuser (the reactions from everybody in this topic say enough about that)

Ditto.

YesNoMaybe wrote on Sun, 13 November 2011 04:463. You are a childish and very low person (fucking up devitto's attempts at starting a savage 2 server, breaking into exodus with old n00bstories passwords)

LOL... what? Devitto had some of the most popular servers in Savage 2 and he left because the game sucks and may never get patched. S2 fucks up anyone's attempts at running a decent server. I didn't interfere with him at all. And I didn't "break into" your dead-ass "community". I can see how much you guys don't get it by looking at how little activity you get on your forums and Renegade server.

YesNoMaybe wrote on Sun, 13 November 2011 04:464. You are irresponsible (shown mainly from your conduct at the n00bparty, but mainly in the way you treat people you don't like, kind of like jarhead does)

"My conduct at n00bparty"... LOL again. There have been 5 n00bparties - if you're referring to the incident where we trolled you and your buddy who were smurfing and being dicks to your teammates (some of which happened to be us), then we're guilty... heaven help it if people start using the !n00b and !rec commands in Renegade - we're DOOMED!

YesNoMaybe wrote on Sun, 13 November 2011 04:46In the end, your word means less than nothing to anybody with a bit of sense, since you've proven yourself to be a egocentric, power-abusing dangerous bitch obsessed with fuck up shit for other people (not just in ren) so you can have your way.

Me supposedly spamming these forums is the biggest bullshit reason you could ever come up with since we all know you really don't actually care about these forums, just your reputation, and everybody who even knows me a bit knows I don't spam neutral forums, at most start a controversial topic.

That's funny, considering your behavior since your ban is completely justifying it and proving me right in doing so. Since you're using other people's names to make accounts, now I can't approve people's requests for accounts for a while, so now if I'm not approving someone who isn't you, they are being denied the service of this website.

YesNoMaybe wrote on Sun, 13 November 2011 04:46 Also, since I used to mod n00btories for like 2 years, I know very very well how to ban evade, and I could do it in an instant, change my IP, change my nick, change my serial, voila. But I really don't care playing there anymore, and I only joined on nicknames insulting to jarhead, on my normal IP since, well, I love insulting him. Especially since he takes being an ex marine so seriously, its a wonderful target to me, especially since to me being a US Marine is an insult in itself haha.

I know you're just saying that because you're an ignorant European with your media-created bias against Americans but just because our politicians are retarded and our media likes to make us look stupid to further their own political agendas doesn't make the whole country that way. Insulting someone who risked their lives for our country is just about the stupidest thing you've said yet.

YesNoMaybe wrote on Sun, 13 November 2011 04:46 Let me just say this. I fucking love renegade, its a wonderful game. And I wish people to have the best playing experience, and matches unimpeded by faggots who have their own agendas and shit. I can honestly say that when ren is concerned, I just care about justice, cheating faggots getting banned for life, hampering dicks getting removed, and power-abusing game-ruining fucks to get fucked off as well.

We did that. We removed you (or at least I tried, but rules aren't for you, I guess), and you fall under the category of "faggots who have their own agendas and shit". You shit all over Renegade with your attitude that you can just go about doing anything you want. You had several opportunities to act like an adult and you have failed every single time. You decide it's better just to burn your bridges with the most rude insults that anyone can imagine and blatantly break forum rules over and over.

YesNoMaybe wrote on Sun, 13 November 2011 04:46 And that is exactly why, I am so violent about jarhead, and now you. People like you completely fuck up renegade. You've both got this attitude of "LISTEN TO ME OR PAY!!!" and take insult to every little thing, and think everybody is out to get you, and you'll gladly get rid of innocent people to bet set your mind at ease and have your way. People like you are fucking dangerous to renegade because it's power-abusing fucks like you that drive people away from this game.

You really are an outrageous overweight slag. You should go on a diet and do some fucking cardio instead of fucking about in the ren world where nobody honestly wants you, they only tolerate you, or, when they don't they get banned.

You don't know the first thing about me as a person. My weight has NO bearing whatsoever on this discussion, the internet, or Renegade. Losing or gaining weight isn't going to change my brain, or my decisions that you're an immature little child. There is NO rational argument that includes such blatant ad hominem insults and you're convincing NO ONE to join your side by doing so.

Did Jarhead ban you for a bad reason? Maybe, but who even cares to look at the evidence at this point? Your disgraceful, immature conduct after the fact just shows to me that you hold no respect for people who shell out money to run a server for years on end, no respect for the people who

volunteer their time to help keep the game running smoothly (ironic since you used to be one and you know what a big job it can be), so you were most definitely going to do something to deserve a ban sooner or later (probably sooner) since you have proven you don't care about rules and just do whatever the hell makes you happy at the time.
