Tbh, It's not just ACK. People fuck with him about his map and what-not. Just because he points out flaws in their arguments, then criticizes them for it, I really don't see a problem. Most of the time, he's provoked, not the one provoking. There are a few instances where that isn't the case, but once he was asked to stop, he stopped. His ban had 2 sides, he just got the shit end.
