Someone take the initiative and start a server like that and start playing then.

Hey man, I would to see that happen. I just think because of the lack of players, the few populated servers left kind of have a monopoly on things and it's hard to open up a new 32 player server with a 30 minute time limit and no extras. I hope I'm wrong, but I guess we will see what happens once TT is out of the beta stage.
