if i donate him \$5 via paypal will he go away?

He does have mental problems unfortunately, I agree that he shouldn't be bothering any players from any community. Perhaps if you send him a pm stating that he's been banned for cheating/annoyance/ToS violation or some crap he'll find closure and be able to move on, then he can play on Ax/st0rm/n00bstories w/o it being in the back of his mind. That would seem the most pro-active step to take in this case. This way, he wont bother the Jelly community, so everyone wins.

Merry Xmas Simon.
