roszek wrote on Sun, 01 January 2012 17:38Could someone convert this to rar or zip, I really don't feel like installing 7-Zip.

Yet you installed the waste of space that is WinRAR instead, despite the fact 7-zip supports many more formats (including .rar), is much more efficient and doesn't have those bloody annoying 'OMFG REGISTAR WINRAR NAO!!!!!' popups all the damn time.

WinRAR is able to open 7-zip as well so I don't see why he can't open it...
