JohnDoe wrote on Wed, 15 February 2012 09:48the only reason steam&epic would want to see some progress is if fobby wants funding for a commercial release. i don't see how releasing a sp game with terrible gameplay really helps your case in that regard. i doubt the "don't worry guys, just give us some money and we'll add all of these great features because we're indie" really works since minecraft.

better stick with the originals gamers

and play it loud

If they really wanted funding I'm sure they could've achieved some thing with croudfunding, although I think that after the original RenX release and the BlackDawn release chances on that happening dropped to almost 0.
