God, really? Everyone just troll posting. Guess I'll be the first serious post :-

Since I'm not much of an aower, except pubs, and even then I'm probably sniping. I'll base my shit off of the top snipers (now) and then add in some aow how I see it, as of now (in pubs).

Snipers: (I take it we aren't including ourselves either..)

These aren't in any particular order, either. Just names that I find myself having fun sniping with, that actually pose a challenge:

Hitman

loncloud

... and that's it basically lol. Couple others that I find are pretty decent are ACK and Iran. They stay pretty consistent.

I can't even begin to name players in AOW (pubs). Most people that play now just pointwhore :/
