This ban from XWIS was more than deserved for st0rm. Hands down.

They have a petition going stating that this is affecting "hundreds" of their players. For one they don't even have that. And two, what happened to all of the players at Jelly and the other servers that couldn't play a game because the servers constantly went down? Think that the crashing of the servers didn't affect them?

Anyhow, st0rm has basically been dead all day. I'm pretty sure that if Wilo were to leave st0rm to some other dedicated members (which a good handful of people already have left) then some people would return and get things going again. But, I don't see Wilo leaving st0rm (at least the Renegade section) to anyone else but himself.
