still think he's the same as the rest of us, MDK? you're dealing with someone who has absolutely no fucking idea of right and wrong.

did you see the advice i gave him barely two days ago? it was pretty straightforward - no more ddosing and hacking and flooding, or threats to do so, or these e-attacks.

at first i thought that although he plainly doesn't know right from wrong, he might at least tone down his e-bullying in the interest of smoothing things over with the general renegade community. but it's much worse than that; he's positively trying to maintain his antagonistic relationship with the rest of renegade... at your expense, MDK. this is the contempt he holds you and the rest of the st0rm community in.
