** SSGM 4.0 support requires server side scripts.dll compiled from TT revision 4076 or higher **

Changes since 1.53.10

- Fix some quote replacement issues in logging related functionality
- Fix problem with case sensitivity when verifying auth passwords
- Removed redundant RG related function `is_serial_banned` from `modules.pm`
- Fixed autoannounce command calling an old, removed function
- Fixed `IsHalfMod()`, `IsMod()` and `IsAdmin()` functions in `modules.pm`
- Modified map settings announcement to not include the donation limit when it is set to zero or the donations module is disabled
- Fixed a crash when kicking a banned player who joins the server

Existing plugins might or might not work with this, let me know if you have any problems with them.
