Everyone at this point who is still following Wilo (especially that aca20031 tool) is afraid of what he can do, or is just a genuine retard and doesn't care what happens...

"z0MfG HE r hax me or DDoS me :/" - lol, I wouldn't care, a call to my ISP will fix that.

"z0MfG he r get DoD to get me" - lol, surely, corruption will eventually be brought to light and end Wilo's faggotry

"z0mFg HE r come to my house nd beat me upz :x" - I dare him to drive down here and "talk" - if I ever see him walking i'll ask someone to use my phone and record me beating the shit out of this faggot up and then upload to /b/ - profit ????

Seriously, this is hilarious. Someone with seriously large mental issues has some DoD connections and started becoming an e-Warrior.. Everyone he threatens ends up the same way, he'll google you up and waste his time making a 20 page Word document on why you should an hero.. lol
