i said "Wilo said he got you banned from Jelly"
read your screenshot of facebook; he clearly says it

what are you getting from that statement that's not actually there? he said it, and there's even proof of him saying it; is it true? in your eyes most certainly since it's not actually the truth it doesn't matter

my question was (and still is) why are you defending Wilo if you still believe he's the reason you got banned from Jelly?

you can't accept the truth, which is your problem - not mine
