I'm confused. I don't see clanwars on either XWIS or renlist.

and when I go to the website for clanwars.cc it doesn't really tell me how to get in, although it shows a list of recent games and they are all extremely small sized.. (2v2? 3v3? Where's the fun in that....) and there aren't even any matches today lol..

is there a server where you at least get 7 people per side regularly?
