firstly XWIS (if by that you mean the consensus that agreed with the sanctions) is the "bigger man" by several orders of magnitude, and you should be fucking embarrassed for implying otherwise.

secondly, what the petition should have said was what i was saying to him before the XWIS ban even happened, which was "just stop being such a cunt wilo, that's all you've got to do". if you all signed that, given how much damage WILO (not crimson, not liquid, not spoony) was doing to st0rm, then the best-case scenario is wilo finally realises what a destructive little boy he is and changes his ways. if he didn't take heed of that (which is probably the more likely, given his obvious mental problems), it would completely discredit him among his own community, make the st0rm players finally see what's obvious to the rest of us.

cheer up then, because you haven't been punished for it. not by anyone here, that is.
