I just received this PM from MDK:

TEAM MDK wrote on Sat, 03 March 2012 17:34is your name

JanWillem Smit ? sure we played in another game and was buddys ?

What he did is look up the information on one of my domains. I know that, because I made a typo in there; my real name is Jan Willem Smit. I forgot the space there but never bothered to correct it.

Not that it is any news, but this is the kind of low lives we're dealing with. Thank you for confirming that yet again, MDK.
