he hated me for a reason you guys are just sheep and hate me for other peoples reasons . case closed on what a dipshit you are...

wilo ddoses servers, threatens to hack people, stalks and beats up 17 year girls, compulsively lies about what he does and tries to frame other people... but you respect him more than people here, because the reason they think you're a moron (which you are) is not on your approved list?

the fact is from your very first post it was clear you hated me eventhou you didnt know me or have a reason of your own.

its all based on what you hear-what is said not what you know !

i don't hate you, i feel pity and contempt for you but not hatred. and it's because you're a wretched little squirt, because you stick up for scum like wilo and pretend you aren't doing so, because you blame his victims for what he does, because you're angry at people who think you cheated while defending the guy who supposedly framed you (you're pretty fucking stupid, but you must be bright enough to realise how dumb that is), because you make retarded threats while trying to pretend you aren't doing so...

you are, to put it bluntly, vermin
