AdvanzeThis is so fucking pissing me off.

Hint: ITS A FUCKING ALIEN! And i cant be sued from the create of it cauz he is DEAD!! He was some US Artist who made it, not ALIENS, I cant be sued for ANYTHING. You can try and get me sued if u want. But who the fuck would sue me for making a model.

Some guy said the alien would look weird on 2 legs. - Its an alien, do u have any fucking clue what an alien is supposed to look like?! Aliens are WEIRD THINGS (so i think) so making them WEIRD is normal.

All shut up about "sueing" i cant be sued from anyone at all. I made the model, the original maker of it is deadl, the makers of Alien cant sue me because... oh.. they diddnt make that design. I cant be sued for it. Oh, and im 13, try and sue me for jack shit.

ACK, i hope you realise you have made alot of enemys, like anyone who views this thread with start flaming you. So i would stop now b4 you reputation really gets fucked.

I want NOONE to say anything about "sueing me for my alien model" cauz it is NEVER going to happen.

Once again, you're an idiot. It doesn't matter if he's dead or alive. Whoever owns the copyrights to the Alien series of movie will have the authority to send you a cease-and-desist notice. Failure to comply will end up in a lawsuit.

You don't have to be doing it for profit. It doesn't matter. They can lose their copyright if they don't actively enforce it.

It doesn't matter how old you are. That's nothing but a total cop-out. The law is set, either follow it or you face the consequences.

Enemies? Do you really think I fucking care if some 13 year old and his retard friends hate me?? My reputation doesn't matter, and it sure isn't going to change because of said people.
