bigjimer34 wrote on Sun, 18 March 2012 03:41 i've tried this, and it does not work. does anybody know how long it will be until this will be fixed? it is making for some really bad gameplay. i think i've tried everything and still no improvements. i've crashed 2 times now, and fps drops all the time after about the first 30 sec into the game.

Well, if you would contact StealthEye so you can help him test stuff it'll probably go faster.
