****ATTENTION ALL CLANS****

For those of you that have not heard of the Tsunami Alliance, I would like to take this opportunity to give you an overview.

The Tsunami Alliance was founded by f100d3d in an attempt to rebuild and save the Renegade Community.

The Tsunami Alliance was founded to provide a place where the community could come together and:

- (1) Have a single location to communicate and discuss Renegade issues and concerns
- (2) Coordinate efforts to produce anti-cheat programs
- (3) Create teams of professional map makers, mod developers, and skimmers
- (4) Make a central location for maps, mods, and skins.
- (5) Support unbiased (no clans) tournaments where you pick the teams and your team competes to win the tournament.
- (6) And much more!

The project is well underway and in progress. You can view the homepage at any time here: <http://www.tsunami-alliance.com> .
