Javaxcxl don't think you understand. Just because you make what you would call a "Minor infraction" of the law, doesn't mean that you're not violating it. You CAN be sued. You probably will NOT be sued, but kid, I'm tell you, you CAN be.

Not unlike the RIAA. Just because you think it's too much a minor infraction of the law doesn't mean you're going to get away with it.

Hes right (for once) yes big deal you can be sued but the chances of that happening are very slim but on the other hand since this has been brought to the attension of this community you now have more chance of being sued cos lets face it all it takes is some little n00b to report you and thats it
