My brother and I were playing Multiplayer Demo (before we had full game). I place nuke on his pedistal, he places ion on my pedastal. I run to my base and see the Ion Cannon firing. I'm screaming "NO! NO! NO!" he is going "YES! YES! YES!" Suddenly, exactly 1 SECOND before the Ion hits, THE NUKE HITS. I'm screaming 'KANE LIVES, PEACE THROUGH POWER AND REJOICE CHILDREN OF NOD!" My brother runs to his room and shoots me with a Nerf Gun. I shoot him back. We start having a Nerf war because of an Epic Win. Rejoice brothers of Nod.
