On the other hand, you really can't "camp" in Renegade. It's different in other games such as CoD, BF, where you can kind of "camp" the flag, bomb, corners, etc. But, that could also be classified as defending.

In Renegade, you have an ENTIRE base to defend. You can't even really camp the entire base by yourself; you're constantly checking buildings to see where people are.

But, badkids will be badkikds and whenever people complain or bitch about camping in Renegade, I just assume they're retarded, or a COD kid.
