With as much dignity as he could muster, Wallywood gathered up the sad remains of his shattered Reborn. Later that night, alone in the backyard, he buried it next to the garage. Now I could never be sure, but I thought that I heard the sound of "Taps" being played. Gently.

If anyone is watching the "BHP" forums, there's quite a bit of drama stirring up about their Minecraft server and how this Whitetrashywood kid is running it into the ground. Now, I know all you Renegade guys don't care about "BHP" but I do know you like a good laugh. Go read, if you're bored enough.

Should caption that... "Only if Whitetrashywood is running it. Bring back Renardin!"
