Jelly had serious organization issues

it actually had two deaf players on the team

aside from them (they did quite well) there were 4 or more players not actually using teamspeak, and two on teamspeak that didn't actually listen at all

not one of our best days

we set a rematch for saturday the 16th

you're a depressing loser Azazel; on some level i'm happy that the thought of me being angry brings joy to your embarrassing existence
