Choosing not to use grammar isn't a belief. Are you daft? I don't even have to try, you're making this far too easy. You do realize I've had this discussion at least 80 times since 2002? That was back when you were eight. Not a single person has proven that they're correct when they attempt to use the defense you're putting up.

/Something tells me that you aren't doing too well in your English composition.

//The fact that you called Samuel Johnson's writing a "shitty interpretation" makes me wonder if you even know who he is.

///Samuel Johnson (18 September 1709 [O.S. 7 September] – 13 December 1784), often referred to as Dr Johnson, was an English author who made lasting contributions to English literature as a poet, essayist, moralist, literary critic, biographer, editor and lexicographer. Johnson was a devout Anglican and committed Tory, and has been described as "arguably the most distinguished man of letters in English history".

///Keep digging that hole.
