Hi I work for a place that sells video games but it isn't GameStop. It just sounds like GameStop. Ignore the fact that it says GameStop above the door, or the fact that I'm wearing a GameStop uniform. It's not GameStop.

I wear a tie, a button up shirt, dress pants and dress shoes to work. Pretty sure that is NOT the Gamestop uniform.

Okay, you're wearing the RadioShack outfit from 2006 lol. Keep posting, please, because:
