LOL, you must be in denial of the facts here. Let's digress, shall we?

--- Butthurt- You're still so butthurt about being banned from your old website, you've had to go and make a thread to bitch and complain.

I'm annoyed that my forums are overrun with people like you. Other than that, butthurt's a term you shouldn't be throwing around - simply posting a shitty thread got you to come here and cry it up on TeamSpeak to bring in your buddies. It wasn't as hard as you're making it sound lol

--- Shitty troll

That's why you're here whining with no end in sight, huh? I love when the trolled try to say they're too good for it. It's just that much sweeter!

--- Your words don't bother me yadda yadda

That's why you keep whining, right? lol

--- Working in retail

I make fun of you for being in retail for several reasons: First, I don't like you. Second, you're going to be working shitty jobs the rest of your life - I didn't work retail because it's the only thing I'm capable of doing.

--- Attention whore

I don't like you, and watching you come here to whine makes it worth the effort of typing up some shitty posts to bait you into replying. It's really not as hard as you're making it sound.

--- Regarding my fatherhood

LOL you don't even know anything about my family life. I'm not going to put up pictures of what my daughter and I do together for you to get excited over. And it's really great watching you whine about family while you sent PMs like this to me:

Quote:Also PS My brother just moved down to Orlando, FL. So when I go down to visit him I'll make sure you have your chance to look me straight in the face and call me a "hillbilly washed-up prize fighter from North Carolina" But keep in mind when you do, that half breed retard of child of yours will be growing up with out a father. So we'll see how tough you are Mr. Internet tuff guy lol

I attack you, not your family. I don't give a shit about them, and they have nothing to do with it. Attacking my family is clearly the response of someone who's a bit miffed that they're getting shit all over on the forum.

And LOL, what the fuck are you, some kind of Internet voyeur? Where my wife and I have sex is none of your business, and refer to the above regarding family.

Quote:"Never argue with stupid people, they will drag you down to their level and then beat you with experience."

That's why you've argued with us so much, right?
