What I said:

Quote:Yeah, it's the same kind of laugh that most people have when they realize that a hillbilly washed-up prize fighter from North Carolina thinks he's a "lead producer". Also, your replies to Enduar are fucking hilarious. Do you even understand anything he's telling you? Your sub-forum is better than Springer. You post, completely oblivious to the points he makes, then he rips you apart again... And you keep plodding on like he's the one with the problem.

If you don't start listening to your fans who have more than "OFMGR REBORN IZ TEH BEST EPIC BLARGGG" to say, you might find yourself in a position where everyone realizes how little you understand about game design. Especially the good Renegade players who are having a great laugh at your expense.

"He took out snipers? I AM DISAPPOINT."

"I \*was\* looking forward to Reborn..."

Can't wait for your next half-ass response. "Hurr lol snipers are bad because I don't know how to play, so I'll take them out entirely"

Stay bad bro, stay bad.

His response, one of many in the same vein:

Quote:ACK please stop man ....my feelings can't take anymore of this punishment. I think I have a tear forming. LOL

Also PS My brother just moved down to Orlando, FL. So when I go down to visit him I'll make sure you have your chance to look me straight in the face and call me a "hillbilly washed-up prize fighter from North Carolina" But keep in mind when you do, that half breed retard of child of yours will be growing up with out a father. So we'll see how tough you are Mr. Internet tuff guy lol

Also, no, my daughter is not mixed-race; I doubt that mixing European ancestry is considered "mixed" in the sense of white/black or white/asian or asian/black, etc...
