maybe he tried being nice, but just got worn out

did you ever see that episode of That 70s Show when Red has a near-death experience and decides to be nice to people? at the end he gets tired of it and basically tells them all to fuck off and kiss his ass

maybe that's what ACK did, but far more drawn out

that, or maybe pretending to be nice made him tremble with trollish laughter when people thought, for whatever reason, that he truly was nice

that, or wallyworld's ideas are pure gold and the salvation of his team's modding project

Hearts?
