I actually prefer sniping in BF3 than Renegade. It's so much more fun (somewhat) actually sniping in a game, rather than sitting in tunnels or around a map hopping around with a sniper like it's a machine gun. That still is fun, though.

Lol. Whoever you compare yourself to that you're "better than" they must be pretty terrible man. I haven't sniped with you in some months, can't even remember the last time I played with you, tbh, and you were terrible then.
