Quote:i don't even know you and i think you're an idiot  
the few times i've played with you you came off as one of the spazzy chat spamming kids that gets into trouble due to boredom or something along those lines  
the difference between you and them is that the vast majority of them aren't also past cheaters

what makes you think i'm angry? i'm just being honest lol  
no animosity or rage in the slightest; i'm quite calm, dear friend

if i were angry i'd clearly be typing in an angry colorrrrrrr!

Well as I said above,I rarely get myself into trouble. I think ive been muted like 2 times in the past 2 years. qkicked maybe about the same and kicked I think once. So I dont see how I get my self into trouble.

Usually a calm person isn't slandering everyone they dont like at a drop of a dime. Clearly you have some vendetta against me, maybe I hurt your feelings at some point? I dont know, ive never played a game against anyone using your name. Maybe its your personal habit to just hate against anyone who defies what you think.
