Well as some have been told, some formerly very active players unfortunately left due to being irritated at an admin's actions.

Not gonna say who.

There we're no actions done to make them leave. Those people your talking about we're whiners, trouble makers and used exploits in PVP areas. No big lost at all, having those three or four gone. Also I think diablo 3 is another big reason.

I love how he tries to shift blame onto the users when it's clear that he's an asshole everywhere. This is a recurring theme with him. You won't see me going "HURR DUR I'M NOT DA OPROABLEM EVAR0EN ALEESE IS LOOOL!!!1" I know I'm an asshole to certain people online. I don't need to put up false pretenses, unlike Whitetrashywood here.
