Hey, you asked. I mean you answered me, so I thought it'd be nice answer you.

Still obsessed with Wallywood eh? I mean, you seem to care an awful lot about everything he does!

Also to clarify that post was about minecraft, and a lot of the players are indeed playing diablo 3. He is right about the troublemakers too.

And no, if you actually gave him a chance and stopped cherry picking bad posts about him, you'd see he is a pretty nice guy. I guess you forget how you were when you had any moderating powers. Talk about being an asshole.

Also, it seems in the past you have blamed him for things that aren't true. Rememeber the whole, "Wallywod is telling my RL friends to link ED on my Facebook thing"? Yeah, that was not him, nor was it anyone at BHP. I think we were all waiting on screenshot proof of that too btw, don't go lying and fabricating it now after all of this time.

But keep blaming people there, if it makes you feel better about how much of an asshole you used to be/still are being.
