1st of all, paintballing kicks any type of games ass, because you turn a paintball game into a scenario of just about any game you like. You can play almost any game mode from halo and ts2 with paintball.

2nd of all, gamecube is one of the funnest systems if you have 3 or 4 people playing at once, xbox you can have 4 players too, but don't rule out those so called "kiddy" games for gc yet, they are amazing games. Gamecube also kicks ps2's ass in gaming and graphix.

and Finaly - IF YOU'RE NOT INTERESTED> STFU!
