This isn't about me spanking it to a picture, it's about you spanking it to the thought of Bluehell being trolled.

Oh, remember when you used to get pissy about people bringing up things about you from a time when they weren't around? I sure do! But hey, I guess it must be different when you do it.

First define "they".

If we define "they" as the names in this list here:

Quote: Watch these names pop up to post, having registered recently or logging in for the first time in years, since they're all on TS "discussing" it:

Chronojam

Wallywood

ditto_g

Garrus

Pyryle

TeamWolf

You come to a grand total of 2 out of 6 people. That's a pretty terrible turnout

It gets even worse when you say things like "those people over at Bluehell", or your "Teamspeak buddies". There would have been about 20-30 people over here from the Teamspeak alone, that is, if they actually cared.

Apparently, they don't. Keep trying though.

(There is actually 22 people on there right now, and not a single one talking about you, even as I post here!)

/You've done nothing but move goalposts since you started this.

//I am sure there are plenty of people who'd love to eat shit rather than talk to you. Maybe that is why not many people are coming over here?
